*A Complete Reference Database to the Transactional Analysis Literature*

# TADATA 3.0

This database includes about 13,000 keywords covering the *Transactional Analysis Bulletin* (1962-1970), the *Transactional Analysis Journal* (1971-1998), essentially all books (not pamphlets) on transactional analysis published in English from 1947-1998 (115 books), and 446 journal articles from the APA PsycINFO database covering abstracts from some 1300 journals worldwide (1967-1998), including 260 research article references to transactional analysis and 143 research dissertations. The system includes three search programs, all of which can output to the screen monitor, the printer, or to file storage. TADATA 3.0 is provided on two 3½-inch 1.4 megabyte disks in IBM-compatible format. Two megabytes free hard disk space are required. Standard price: $60 members, $70 nonmembers, which entitles the purchaser to register as a user and to obtain annual or biannual updates at a low fee. ITAA members whose dues are set using the TAlent system can have the price of this product prorated on the same basis as their dues are.
